COMMUNICATION RE: FILING DATE ERROR ON  
FILING RECEIPT AND RETURN POSTCARD

ATTN: CUSTOMER CORRECTIONS  
Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Upon receiving the Filing Receipt (copy enclosed), it came to our attention that the filing date is incorrect. It says January 7, 2002, but it was submitted via Express Mail Tracking No. EL703681749US, on November 20, 2001 (copy of return postcard enclosed). It is believed that this application was rerouted after Express Mail Service was suspended due to mail cleaning for Anthrax, and was unintentionally delayed. We respectfully request that a correction be made and a new filing receipt issued to ensure proper information in the United States Patent and Trademark Office.

Please direct any inquiries to the undersigned attorney at (952) 832-9090.

Respectfully submitted,

XUZHI QIN

By Their Representatives,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
